BACONSBURG:

away a portion of the skull, then passing down through the body came out near one hip, passing down to the feet and tearing off his boots. This is simply the report as it comes to me. I have not heard anything farther of the particulars, amid the hum of merry voices, until the order was given to surround the table. At this point the voices ceased and each one seemed to reliah the provisions that were passed by the committee from a richly loaded table; after and fences we have been greatly refreshed from their teacher. The children then
